• Configure Connected Apps
• Design Cloud App Security (CAS) Solution
• Manage Cloud App Security (CAS) Alerts
• Upload Cloud App Security (CAS) Traffic Logs

==========

Configure Cloud App Security (CAS) Policies - File Policy

File policies enable you to scan your cloud apps for specified files or file types (shared, shared with external domains), data (proprietary information, personal data, credit card information, and other types of data) and apply governance actions to the files (governance actions are cloud-app specific).
